

CITY OF SPRINGFIELD
INTER-OFFICE MEMORANDUM

ATTENTION OF Robert R. Schaefer
DEPARTMENT Superintendent of Sanitary Services

DATE June 2, 1977

On May 31, 1977, at about 10:00 A.M., Gary Pendergrass and I observed a plumbing contractor at 2010 and 2012 East Elm pumping what appeared to be storm water from plumbing excavation into manhole No. 13, Wye map P-14. The manhole cover was removed and a barricade was over the hole. After driving to the end of the block and going back by, a worker replaced the lid and removed the barricade and watched us drive by as if he apparently knew this pumping was in error.

After checking with the Building Regulations Department we found that the plumbing permit was issued to L & K Plumbing which has apparently changed its name to CJO Plumbing. Building Regulations stated that they thought this was owned by H. Lee Miller, but not sure because they change the company name frequently.

2000 E. ELM
